- Open Options
- Honeywell
- HID

**Benefits**

- **IMPROVED SAFETY**
  - Know instantly who is in your facility, where they are, and how long they've been inside.

- **SAVES TIME**
  - Scanning badges with the handheld takes less time than recording information on paper.

- **SUPPORTS ALL BADGE TYPES**
  - All major credential types are supported, including Prox, PIV, iClass, Barcode, Magstripe, etc.

- **BETTER RECORDKEEPING**
  - Immediately report occupancy, missing users, and activity history without the errors of paper logs.
