

Enhance your Galaxy Control Systems Access Control System with Telaeris' Handheld Readers & Emergency Mustering Solution

System Galaxy

XPRESSEENTRY

XPressEntry enhances the System Galaxy Access Control System with handheld readers and emergency mustering. Compatible handheld devices, powered by XPressEntry software, authenticate users badges or biometric data against the System Galaxy database and allow validation of personnel names and photos. Handhelds maintain facility occupancy information and permissions to quickly verify credentials from anywhere in either online or offline scenarios.

Entry/Exit Tracking	Emergency Mustering	Event Management	Guest/Visitor Tracking	Certificate Management	Online/Offline Operation
