

Enhance your Tyco Kantech access control system with Telaar's Handheld Readers & Emergency Mustering Solution

XPressEntry enhances Kantech Entrapass Security Management Software with handheld readers and emergency mustering. Compatible handheld devices, powered by XPressEntry software, authenticate users badges or biometric data against the Entrapass database and allow validation of personnel names and photos. Handhelds maintain facility occupant information and permissions to quickly verify credentials from anywhere in online or offline scenarios.

- Entry/Exit Tracking
