## Enhance your Maxxess Security Management System with Telaeris' Handheld Readers & Emergency Mustering Solution

eFusion

***XPRESSEENTRY***

XPressEntry enhances the Maxxess Security Management System with handheld readers and emergency mustering. Compatible handheld devices, powered by XPressEntry software, authenticate users badges or biometric data against the Maxxess database and allow validation of personnel names and photos. Handhelds maintain facility occupancy information and permissions to quickly verify credentials from anywhere in either online or offline scenarios.
