- Time and Attendance
- Confined Spaces
- Bus Entry Validation
- Remote Parking
- Canteen Management
- Employee Surveys

Benefits

Improves Safety
Know instantly who is in your facility, where they are, and how long they've been inside.

Saves Time
Scanning badges with the handheld takes less time than using recording information on paper.

Supports All Badge Types
All major card types are supported including Prox, PIV, iClass, Barcodes, Magstripe, mobile credentials, etc.

Better Recordkeeping
Immediately report occupancy, missing users, and activity history without the errors of paper logs.
