

XPRESSEENTRY

The Handheld, Mobile Solution for Acre Security | Access It! Access Control Systems

XPressEntry handheld readers validate permissions and authenticate credentials or biometrics against the identity information on record in the Access It! access control system database on-the-go from anywhere, record entries and exits where door readers are not practical or available, challenge credentials from within secured spaces, quickly muster employees during an emergency evacuation, maintain facility occupancy information, and much more.

SUPPORTED BADGES

XPressEntry leads the industry with the broadest support for badge technologies.

SUPPORTED BIOMETRICS

Available fingerprint reader supports ANSI 378, ISO 19794:2;4 + facial recognition.

AVAILABLE WORLDWIDE

FCC and CE Certified plus available in ten (10) languages for worldwide deployment.

SUPPORTED VERSIONS

Proudly works with Access It! 7.X-9.0 access control systems.

TOP BENEFITS

- * Superior security with handheld authentication to confidently control access to and manage any secured space plus ENTRY / EXIT tracking.
- * Ensure everyone is safely accounted for during an emergency to improve evacuations, employee safety, and OSHA compliance.
- * Use existing security badges for access management to manage attendees and deny access when necessary to events and training.
- * Enhanced security with biometrics and multi-factor authentication to deliver enhanced authentication in high security areas.
